

Dual Charging Facility

Solar as well as Grid charging options available

Make your living anywhere

Engineered tube light for
efficient brightness

Power Bank Facility

Now don't care about mobile discharge,
Just plug and charge anywhere

Equipped with Table Fan

DC table fan to keep
you always cool

Day/Night Sensor

Intelligent Day/Night sensor to switch ON tubelight at night automatically

Over & Under Voltage Protection

Complete protection from over charge and deep discharge conditions ultimately increases battery life

5 to 10 Hours of battery backup

Efficient lightning solution gives benefit
of more hours of battery backup

High Efficient Solar Panel

High quality solar panel to
charge battery
